

The following are supplemental materials and will be published online only

Supplementary material

Supplementary Figure 1. Total number of inpatients recorded with *S. Typhi* blood stream infections per year

Supplementary Figure 2. Number of inpatients recorded with *S. Typhi* per month, mean temperature and mean rainfall for Vientiane Capital

Supplementary Figure 3. *S. Typhi* cases diagnosed in hospital per 100,000 people in the community by home province by year

Supplementary Figure 4. Percentage of all samples taken that were positive for *S. Typhi* per province between 2000- 2018. Highest percent of positive cases came from Oudomxay Province which reflects the 2002 outbreak

Supplementary Figure 5. Percentage of all blood culture samples taken that were positive for *S. Typhi* per community home district population between 2000- 2018.
