

**Supplemental table 2. Data Extraction Form for Review and meta-analysis**

<b>Study Details</b>	
<b>General information</b>	
• First author	
• Year of publication	
• Study location	
• Study duration	
<b>Study eligibility</b>	
• Study design (case-control, cohort)	
• Participants	
exposed group	
unexposed group	
• Inclusion criteria	
• Exclusion criteria	
• Ascertainment of exposure	
• Outcome diagnostic criteria	
• Confounding variables	
• Matching factors	
Include or exclude	Include <input type="checkbox"/> exclude <input type="checkbox"/>
Reason for exclusion	
<b>Characteristics of included studies</b>	
• Sample size	
exposed group (including subgroups)	
unexposed group	
• Data source	
• Race	
• Income level of country	
• Maternal adjusted factors	
Maternal age, yrs	

Educational level	
Maternal asthma	
Maternal body mass index, kg/m <sup>2</sup>	
Gestational weight gain, kg	
Parity	
Maternal smoking	
Others	
• Children`s adjusted factors	
Gender (M/F)	
Birth weight, kg	
Gestational age, w	
Offspring age at diagnosis, yrs	
Others	
<b>Main outcome</b>	
Effect estimates (RR or OR) with 95% CI	
Mean difference	
Other findings	

### Other information

	Description as stated in report/paper
Key conclusions	
Study funding sources	
Conflicts of interest	
References to other relevant studies	
Correspondence required for further study information
