

Description of Additional Supplementary Files

Supplementary Data sets (available as additional files)

- **Supplementary Data 1 - Shared variants called in discovery family**
- **Supplementary Data 2 - SNPs with $P \leq 10^{-5}$ in genome-wide interaction study and mapped genes**
- **Supplementary Data 3 - Data for murine auditory analyses (Data underlying Figure 2)**
- **Supplementary Data 4 - Data for murine auditory analyses (Data underlying Figure 3)**
