

**Figure S1A. SDS-PAGE analysis of PfHop fractions obtained after ion exchange chromatography**

Lane M: Molecular weight markers (in kDa); Lanes 1-5: PfHop fractions

This image contributed towards supplementary Figure S1A

**Figure S1B. SDS-PAGE analysis of PfHop fractions obtained by gel filtration**  
Lane M: Molecular weight markers in kDa; Lanes 1-14: PfHop fractions

This image contributed towards supplementary Figure S1B.

**Figure S1C. SDS-PAGE analysis of more PfHop fractions obtained after gel filtration**

Lane M: Molecular weight markers (in kDa); lanes 1-12: additional PfHop fractions obtained after gel filtration

This image contributed towards Figure S1C.
