

<p><b>S4 Supplemental.</b> List of thesaurus terms containing "verification" obtained from conducting separate content analyses on each individual decade within the Verification Corpus.</p>					
<p>The complete list of unfiltered thesaurus results for terms associated with <i>Verification</i> each decade. Content analysis was conducted on each decade using only that decade's publications from the Verification Corpus (resulting in a total of six content analyses).</p>					
<p><b>Number of related terms per decade.</b></p>					
<b>Decade</b>	<b>Number of Related Terms</b>				
1960s	58				
1970s	139				
1980s	148				
1990s	198				
2000s	223				
2010s	191				
<p><b>Score Description</b></p>					
<p>* The <i>score</i> (column 5) reflects how tightly the <i>word</i> (column 4) is connected to the concept or tag (column 2, verification).</p>					
<p>* In other words, this is a measure of how strongly the presense of the word (column 46) predicts the appearance of the concept or tag (column 2, verification).</p>					
<p>* The score value is derived from the co-occurrence information from the text along with the seeded classifier information.</p>					
<p>*Refer to the Leximancer Frequently Asked Questions document for more details (<a href="https://www.leximancer.com/faq/display_and_output.html">https://www.leximancer.com/faq/display_and_output.html</a>).</p>					
<p><b>Notes</b></p>					
<p>* <i>iterations</i> indicates the total number of times that the text corpus was reread and coded with concept definitions before reaching a stable classification.</p>					
<p>* <i>value</i> indicates that these are the thesaurus terms only pertaining to "verification".</p>					
<p>* <i>kind</i> column refers to the <i>value</i> column (all refer to verification), while <i>kind2</i> column refers to the <i>word</i> column.</p>
