

Description of Additional Supplementary Files

File Name: Supplementary Data 1

Description: Ingenuity Pathway Analysis of transcriptomics of the SCAT and EWAT from IAV-infected mice vs. mock-treated mice

File Name: Supplementary Data 2

Description: Transcriptomics of in-vitro-IAV-infected preadipocytes and in vitro-IAV-infected adipocytes vs., respectively, in-vitro-mock-treated preadipocytes and in-vitro-mock-treated adipocytes

File Name: Supplementary Data 3

Description: Crude data of the morphometry analysis of the SCAT from mock-treated mice

File Name: Supplementary Data 4

Description: Crude data of the morphometry analysis of the SCAT from IAV-infected mice

File Name: Supplementary Data 5

Description: Crude data of the morphometry analysis of the EWAT from mock-treated mice

File Name: Supplementary Data 6

Description: Crude data of the morphometry analysis of the EWAT from IAV-infected mice
