STROKE/2019/028744R2

Dear Dr. Strahle,

Thank you for uploading your final files. There is one remaining point that needs to be addressed before your manuscript is ready to send to production.

Because the author order has changed from the original submission, a Change of Authorship form, signed by all authors, is required. The form is available at:
https://www.ahajournals.org/pb-assets/migration/Stroke_WebImages/COA-1529339236160.pdf

Thank you for providing correspondence from Dakota DeFreitas agreeing to removed as an author. Please also provide a letter signed by Bing Xue agreeing to be removed as an author.

We understand it may take some time to collect the signatures, but if you are able to provide this documentation by the end of the week, we will be able to include your manuscript in the upcoming issue. You may upload the documentation to the manuscript or email it to me.

Please click the link below to upload your best and final files. The files are needed before your manuscript can enter the production cycle. Before uploading files, please read the upload instructions carefully.
