

**(A)****(B)**

Fig.S5 (A) Western blot showing the expression of p-JAK2 in U251MG transfected with siRPS6 or siCont. (B) Western blot data showing that expression of GSC markers (Nestin, SOX2) in U251MG transfected with Empty control vector (Control) or OE-RPS6 and treatment with AG490. A graph showing the expression of GSC markers (Nestin and SOX2).
