Recipient ID: 33454				Pre-transplant																	Post-transplant																
Treatment	Purpose	Dose	Timing	Route	6	5	4	3	2	1	0	1	2	3	4	5	6	7	8	9	10	14	21	22	28	30	42	56	63	70	...						
CD3-immunotoxin	Immune conditioning	0.025 mg/kg	BID	IV																																	
Basilofan	Immune conditioning	6 mg/kg	SID	IV																																	
Total Body Irradiation	Immune conditioning	2 Gy @ 20cGy/m	-	-																																	
Polymyxin B	Gul decontamination	1x10 ⁶ IU	SID	PO																																	
Neomycin sulfate	Gul decontamination	500 mg	SID	PO																																	
Cefazolin	Antibiotic	25 mg/kg	BID	IV																																	
Tacrolimus	GVHD prophylaxis	0.16 mg/kg/day	Drip	IV																																	
Tacrolimus	GVHD prophylaxis	Up to 0.06 mg/kg	SID	IM																																	
Belatacept	GVHD prophylaxis	20 mg/kg	SID	IV																																	
Cyclophosphamide	GVHD prophylaxis	40 mg/kg	SID	IV																																	
Valganciclovir	Anti-CMV	10 mg/kg	SID-BID	PO
