

LEGENDS TO SUPPLEMENTAL FIGURES

Figure 1. Growth inhibition of ErbB2 breast cancer cells by mitochondrial complex I inhibitors.

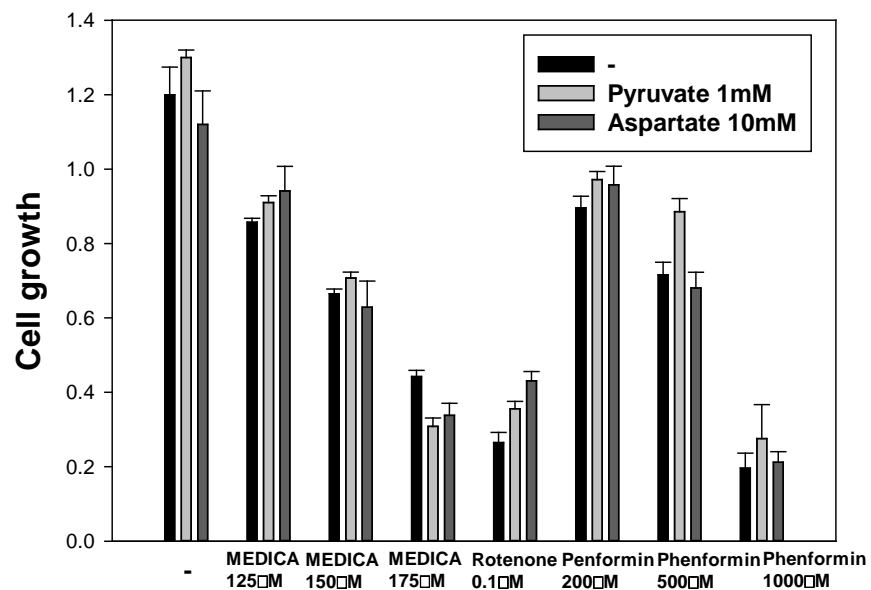

AU565 (A) and BT474 (B) cells were grown in DMEM medium and treated for 96h as indicated. Cell growth (O.D 630) Mean \pm SD.

Figure 2. Growth inhibition of A549 cancer cells by mitochondrial complex I inhibitors.

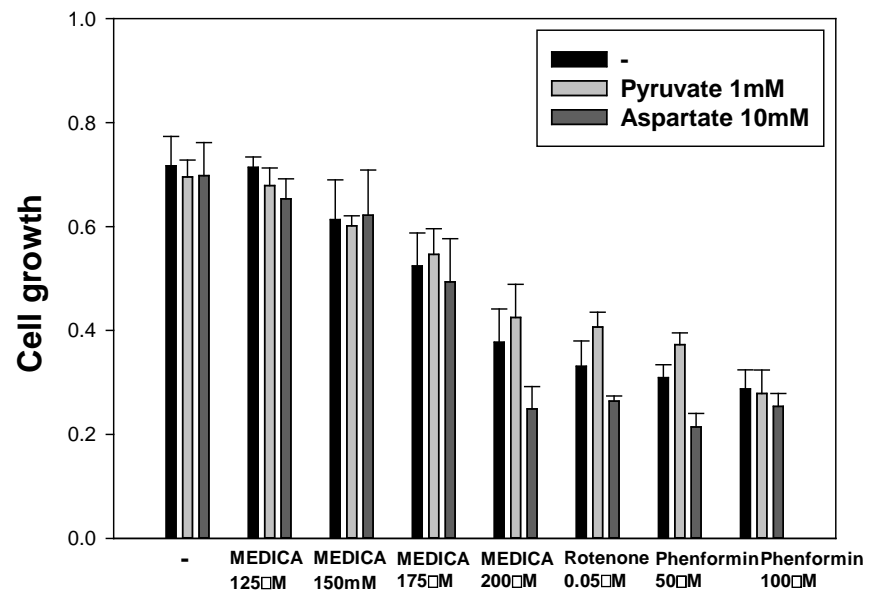

A549 cells were grown in DMEM medium and treated for 96h as indicated. Cell growth (O.D 630) Mean \pm SD.
