

S4 Table: Pre-studies for testing and adjustment of the chosen study design; s=number of different investigated structural units (=number of different beds/trees).

year	Park type	Structure type	Number of samplings	N total
2015	Representative park	Public bed (s=1)	21	120
	Recreational park	Public bed (s=5)	69	
	Cemetery	Public bed (s=1)	30	
2014	Representative park	Public bed (s=1)	30	102
	Recreational park	Public bed (s=5)	18	
	Community garden	Public bed (s=1)	27	
	Rural reference	Public bed (s=3)	27	
			N_{pre-studies}=	222
