

Informed Consent Form for process evaluation interviews

Version 1.0. 15th November 2019.

This Informed Consent Form should be completed by the researcher conducting the interviews, as a record of the verbal consent that was provided by the participant.

The researcher should confirm each of the statements by placing their initials in each of the boxes below, and should sign and date the Informed Consent Form.

Please **initial** each of the following boxes:

- 1. The participant was reminded that their interview would be audio-recorded
- 2. The participant was reminded that their participation in the interview is voluntary
- 3. The participant was reminded that their participation in the interview will be treated as confidential, and that analysis will only be of anonymised transcripts.
- 4. The participant confirmed their consent to take part in the interview.
- 5. The participant's verbal confirmation of consent was captured on the audio recording of the interview.
