

Supplemental Table 1: Survey Questions and Answer Options

Survey Question	Answer Options
Have you ever heard of pills that you can use to have an abortion at home, WITHOUT ever going to a clinic or speaking to a doctor?	Yes No
NOTE: These pills are NOT the same as Plan B or Emergency Contraception	
Some people in the US get pills without going to a clinic or speaking to a doctor and use them to have an abortion at home. Would you ever consider doing this?	Yes No
Before you came to the clinic today, did you consider buying pills to have an abortion or end your pregnancy at home, without coming to the clinic or speaking to a doctor?	Yes No
Did you try using the pills to have an abortion at home, without coming to the clinic or speaking to a doctor?	Yes No
Before you came to the clinic today, did you consider or try ending your pregnancy yourself using any other method BESIDES pills?	Yes No
Please tell us a little more about why you would consider buying pills and using them to have an abortion at home instead of going to a clinic. Please check ALL that apply	It is hard to find money to pay for an abortion at a clinic It is hard to get to a clinic because it's far away It is hard to take time away from work, school, and/or family to get to the clinic I can't tell my family that I'm going to have an abortion I would prefer the privacy of using pills at home I would prefer to take care of my abortion by myself It would be more convenient to buy the pills myself and have my abortion at home Other reason (please specify)
What age are you?	Under 20 20-24 25-29 30-34 35-39 40-44 45-50 Over 50
