

eTable 2. Data extraction form for eligible studies

Study (Reference):	
Study drug(s)	
Treatment schedule	
Study design	
Follow-up duration	
Population	
Sample size	
Age of patients, years	
Baseline visual acuity	
Adherence/Persistence evaluation	
Definitions of nonadherence/non-persistence	
Condition-related factors	
Patient-related factors	
Therapy-related factors	
Health systems/health care team-factors	
Social/economic factors
