

**Supplementary Table 1.** Procedures performed at JRSC, by service and procedure class (ambulatory extended recovery or outpatient).

Service	Procedure Class	Procedure Type
Breast	AXR	Bilateral mastectomy
		Bilateral mastectomy with breast reconstruction with tissue expander
		Chest wall surgery with axillary dissection
		Unilateral mastectomy
		Unilateral mastectomy with breast reconstruction with tissue expander
	Outpatient	Axillary dissection
		Bilateral partial mastectomy
		Bilateral partial mastectomy with axillary dissection
		Bilateral partial mastectomy with lymph node biopsy
		Breast lesion excision
		Breast lesion excision with lymph node biopsy
		Breast lymph node biopsy
		Chest wall surgery
		Chest wall surgery with prosthesis
		Unilateral partial mastectomy
Unilateral partial mastectomy with axillary dissection		
Unilateral partial mastectomy with lymph node biopsy		
Dental	Outpatient	Extraction
		Reconstruction
Gastric Mixed Tumor	AXR	Metatarsal amputation
		Biopsy or excision of axillary lymph node
		Hernia repair
		Radical resection of tumor
		Axillary lymphadenectomy
	Outpatient	Lesion excision
Radical resection of tumor		
Wound repair		
Gynecology	AXR	Exploration of abdomen
		Exploration of abdomen with robot
		Inguinofemoral lymph node dissection
		Laparoscopic supracervical hysterectomy with robot
		Laparoscopy excise lesions with robot
		Myomectomy laparoscopic
		Myomectomy with robot
		Radical hysterectomy with robot
		Radical TAH with robot
		Removal of adnexal structure with lymph node dissection with robot
Retroperitoneal lymph node dissection with robot		

		Salpingo-oophorectomy	
		Salpingo-oophorectomy with robot	
		Sentinel lymph node/laparoscopic lymph node dissection	
		TAH with BSO	
		TAH with BSO with robot	
		Total laparoscopic hysterectomy	
		Total laparoscopic hysterectomy with robot	
		Trachelectomy with robot	
	Outpatient	Conization of cervix with/without D&C	
		D&C	
		Exploration of abdomen	
		Hysteroscopy with D&C	
		Inguinofemoral lymph node dissection	
		Laparoscopy excise lesions	
		Myomectomy	
		Myomectomy laparoscopic	
		Myomectomy with robot	
		Oophorectomy with robot	
		Ovarian cystectomy with robot	
		Removal of adnexal structure laparoscopic with/without D&C	
		Removal of adnexal structure with lymph node dissection with robot	
		Removal of adnexal structure with lysis	
		Removal of adnexal structure with lysis with robot	
		Removal of adnexal structure with/without D&C with robot	
		Retroperitoneal lymph node dissection	
		Salpingo-oophorectomy	
		Salpingo-oophorectomy with robot	
		Vaginectomy partial	
		Vulvectomy	
		Vulvectomy partial	
		Head and Neck	AXR
	Hemiglossectomy		
	Parotid tumor excision		
Rhinectomy partial			
Thyroid/parathyroid			
Outpatient	Cervical lymphadenectomy		
	Hemiglossectomy		
	Rhinectomy partial		
Plastics	Outpatient	Bilateral breast implant	
		Bilateral breast prosthesis	
		Bilateral breast reconstruction with tissue expander	
		Bilateral breast reduction	
		Bilateral nipple areola reconstruction	
		Bilateral revise breast reconstruction	
		I&D hematoma/fluid	

		Unilateral breast implant
		Unilateral breast prosthesis
		Unilateral breast prosthesis with nipple reconstruction
		Unilateral breast reconstruction with tissue expander
		Unilateral breast reduction
		Unilateral nipple areola reconstruction
		Unilateral replacement tissue expander with permanent prostheses
		Unilateral revise breast reconstruction
Urology	AXR	Adrenalectomy with robot
		Artificial urinary sphincter
		Bilateral pelvic lymph node dissection laparoscopic
		Bilateral pelvic lymph node dissection with robot
		Cystectomy partial with robot
		Cystocele repair
		Female sling
		Inflatable penile prostheses
		Male sling
		Nephrectomy laparoscopic
		Nephrectomy partial laparoscopic
		Nephrectomy partial with robot
		Nephrectomy with robot
		Nephroureterectomy laparoscopic
		Nephroureterectomy with robot
		Prostatectomy radical laparoscopic with bilateral pelvic lymph node dissection
		Prostatectomy radical with bilateral pelvic lymph node dissection with robot
		Prostatectomy radical with robot
		Retroperitoneal lymph node dissection laparoscopic
		Retroperitoneal lymph node dissection with robot
	Sacral colpopexy with robot	
TURP		
Outpatient	Urology OP Other
