

Supplemental Figure 1. Kaplan–Meier curve for the probability of eyes progressing to larger drusen size (2 steps) by follow–up time. The survival estimates were obtained from the Kaplan–Meier survival curve.

Number of eyes at risk	3023	3019	2931	2874	2800	2750	2668	2521	2355	2215	2025	1287	446	0
Number of progressors	0	4	88	53	69	42	36	55	65	56	63	43	13	0
