

Supplementary Table 1.

| Image Analysis Types | Seed regions |
|----------------------|--------------|
| Resting State | Anterior SPL |
| Resting State | Motor Cortex |
| Resting State | PCL |
| VCM | n/a |

Supplementary Table 1. *Summary of multiple regression analyses performed, imaging analysis types, and seed regions (for resting state). Abbreviations: Superior Parietal Lobule (SPL), Paracentral Lobule (PCL), Voxel Compression Maps (VCM).*
