

Supplementary Figure 1. Representative D1-D2 PLA images in the striatum and cortex

A. Striatum

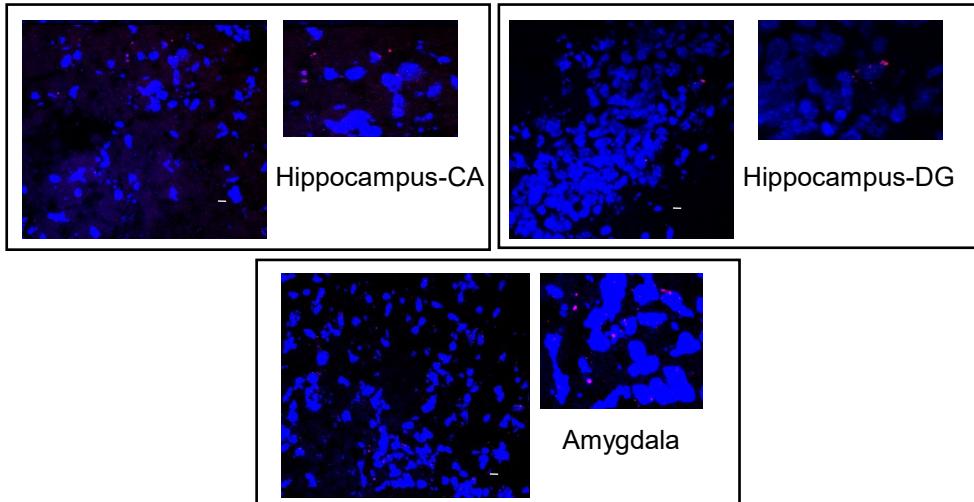

B. Cortex

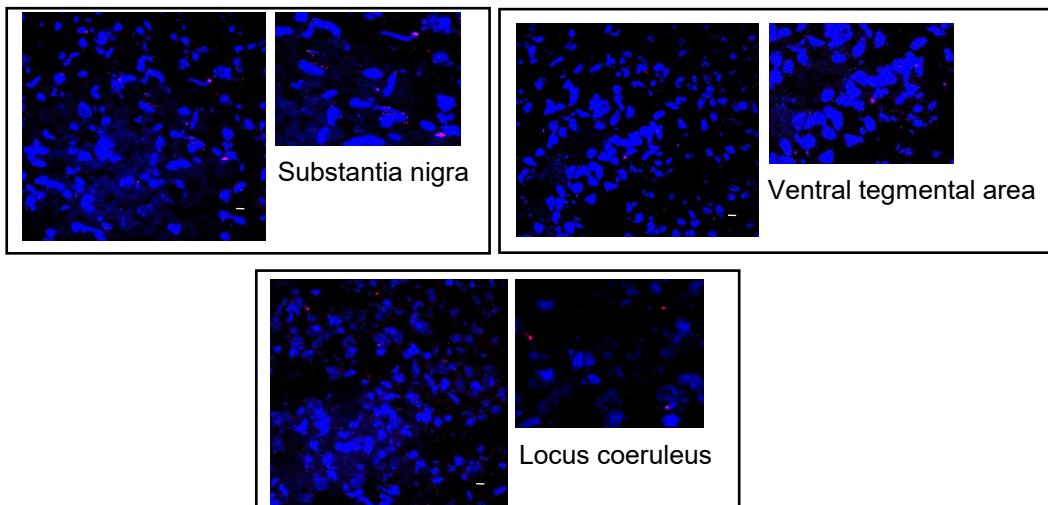

Supplementary Figure 2. Representative D1-D2 PLA images from different rat brain regions

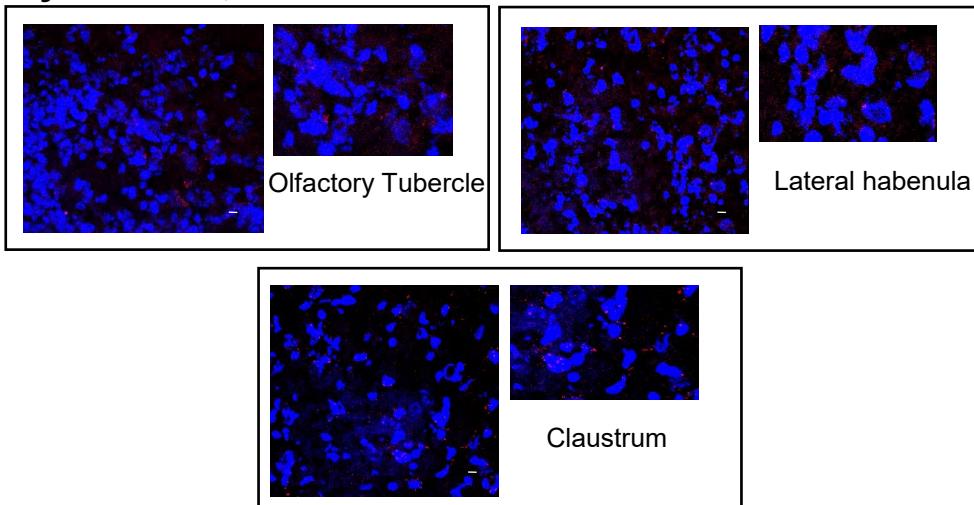

A. Hippocampus and Amygdala

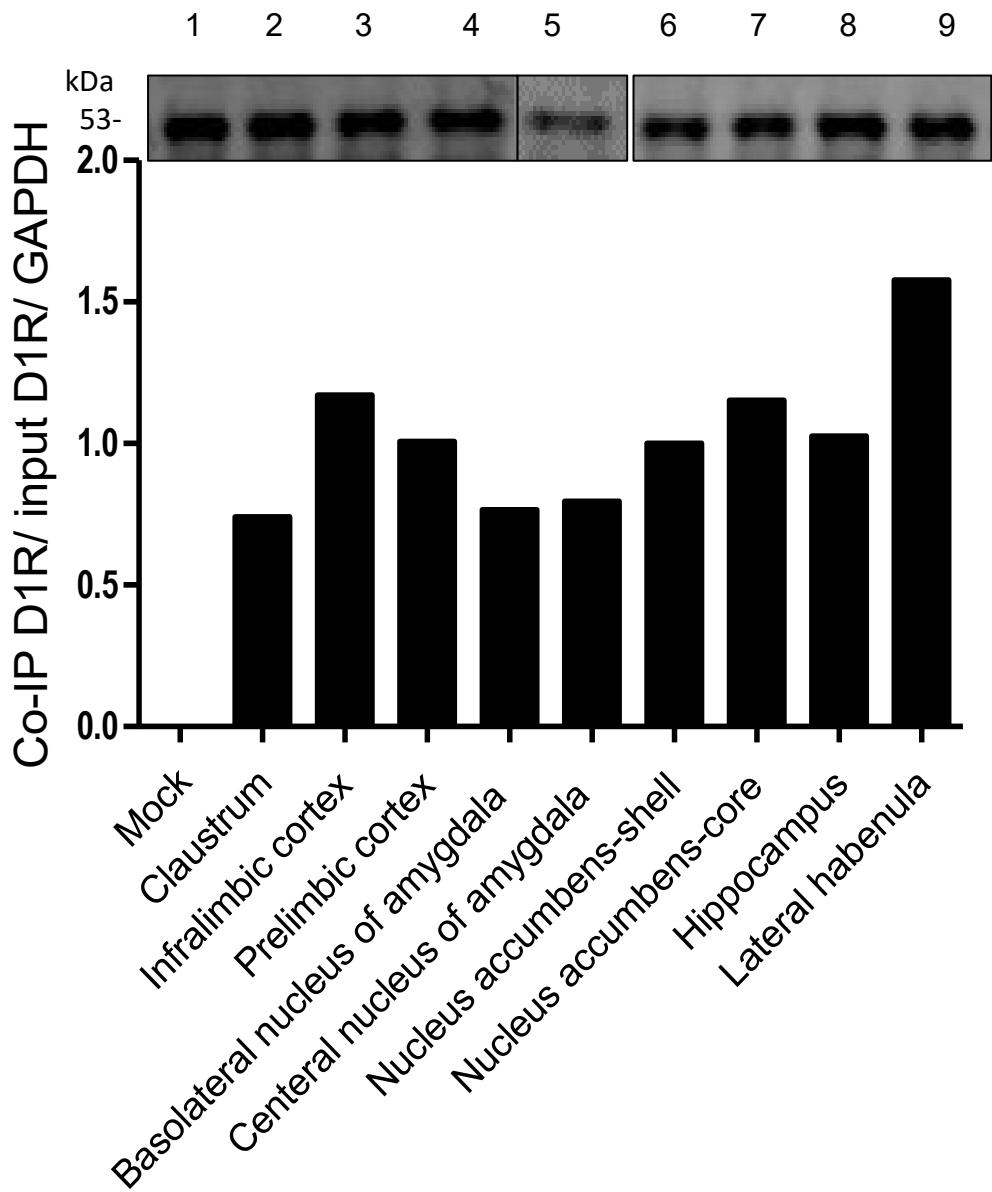

B. Substantia nigra, Ventral tegmental area and Locus coeruleus

C. Olfactory Tubercl, Lateral habenula and Claustrum

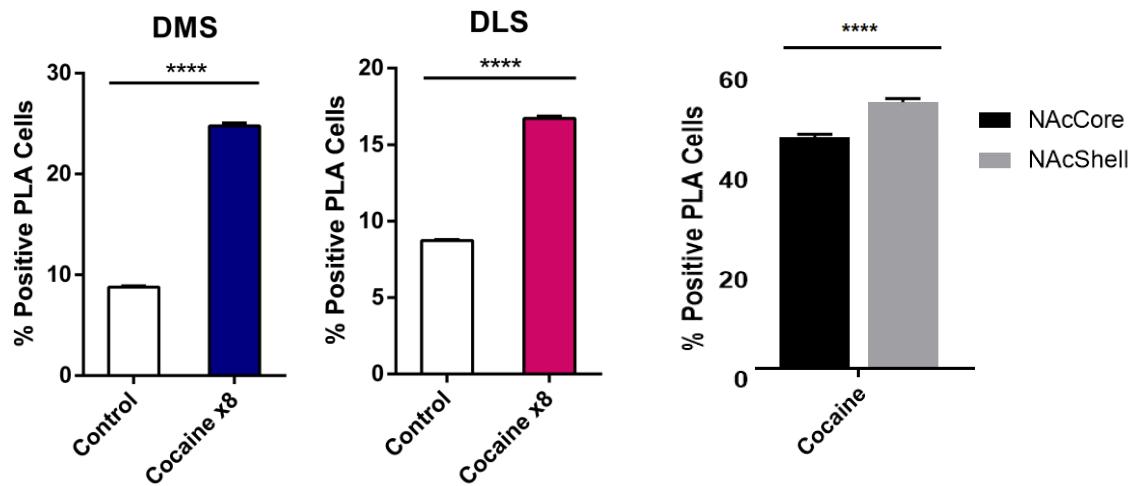

Supplementary Figure 3. Co-Immunoprecipitation of D1R by D2R from different brain regions of male rats

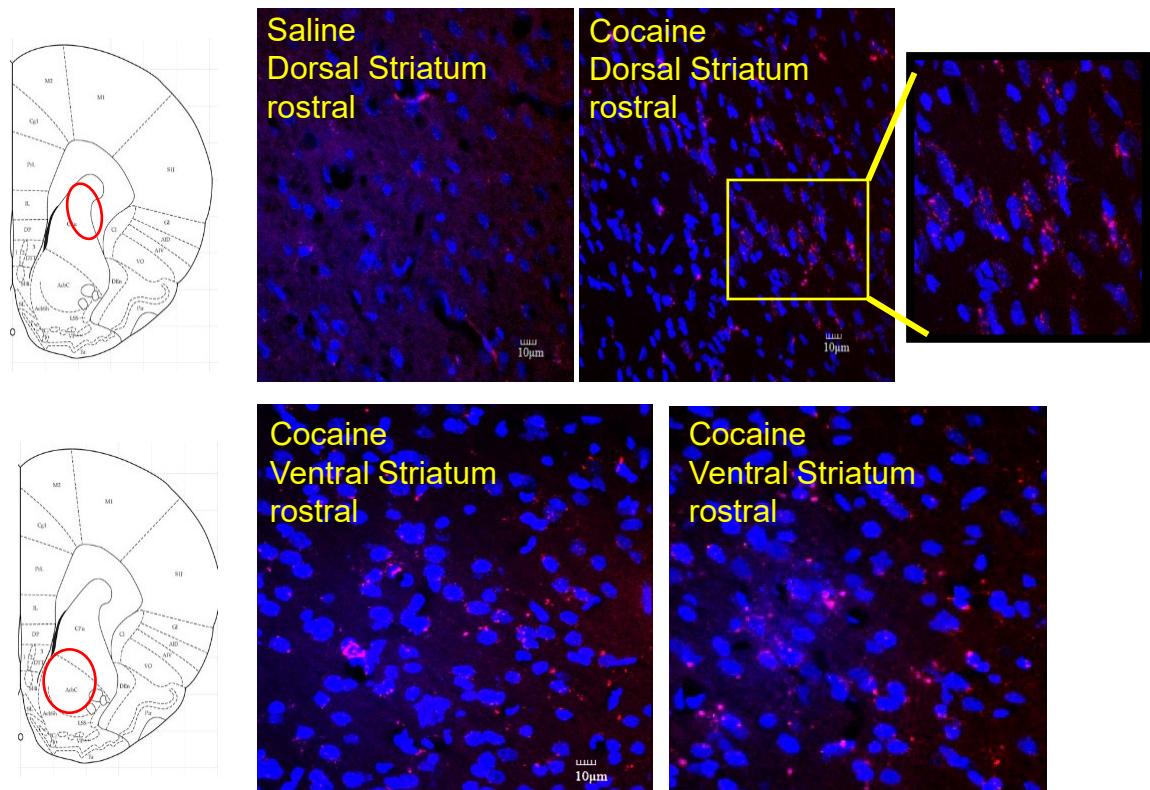

Supplementary Figure 4. Effect of cocaine treatment on D1-D2 heteromer

A. D1-D2 heteromer estimation by PLA in caudal striatum

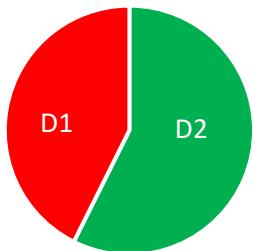

B. Rostro-caudal gradient of D1-D2 heteromer in the striatum

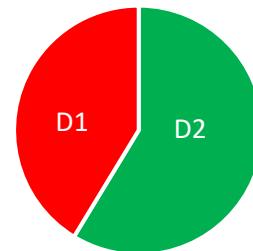

Supplementary Figure 5. FISH analysis of D1 and D2 mRNA expression

A. Relative distribution of D1 and D2 mRNA-positive cells in vehicle-treated rats

Control-CPu

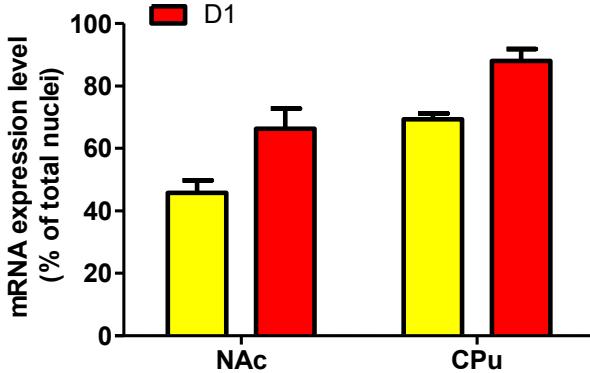

Control-NAc

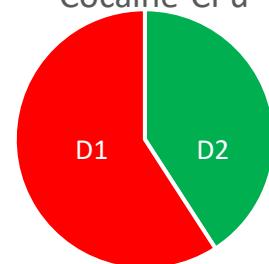

B. Relative distribution of D1 and D2 mRNA-positive cells in cocaine-treated rats

■ D2
■ D1

Cocaine-CPu

C. Changes in D1 and D2 mRNA expression in cocaine-treated rats

■ D2
■ D1
