

Figure S1. Transfection efficiency of pcDNA-TMPO-AS1 and anti-miR-143-3p in SW480 and HCT15 cells. (A) Expression of TMPO-AS1 was detected using RT-qPCR in SW480 and HCT15 cells. (B) Expression of miR-143-3p was measured via RT-qPCR in SW480 and HCT15 cells. *P<0.05 vs. corresponding control group. miR, microRNA; RT-qPCR, reverse transcription-quantitative PCR; AS, antisense.
