

No. of informative "C" in jagged ends	End-repair methods	Percentage of fragments carrying informative "C"
1	C	8.4
	mC	59.8
2	C	0.9
	mC	33.7
3	C	0.16
	mC	20.5

Table S2. The number of molecules carrying informative cytosines which would be used for inferring the presence of jagged ends for two approaches in this study.
