

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/tlcr-20-867	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The survival data.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	We would like to share the statistical analysis plan if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique or survival date may be updated over time.
7	To whom will you share the data?	Medical oncologists and radiology doctors who are interested in studies of SBRT.
8	For what type of analysis or purpose?	For analysis to investigate the effect of stereotactic body radiation therapy (SBRT) on pulmonary oligometastases, the clinical factors and dose parameters affecting local recurrence-free survival (LRFS) and overall survival (OS).
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: zhaolinazln@outlook.com.
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
