

Appendix 3. Comparisons with Placebo

Fig 1. Forest Plot of Change from Baseline in PANSS Total Score Compared to Placebo

* Statistically significant compared to placebo

Dashed line at 0 represents no difference from placebo.

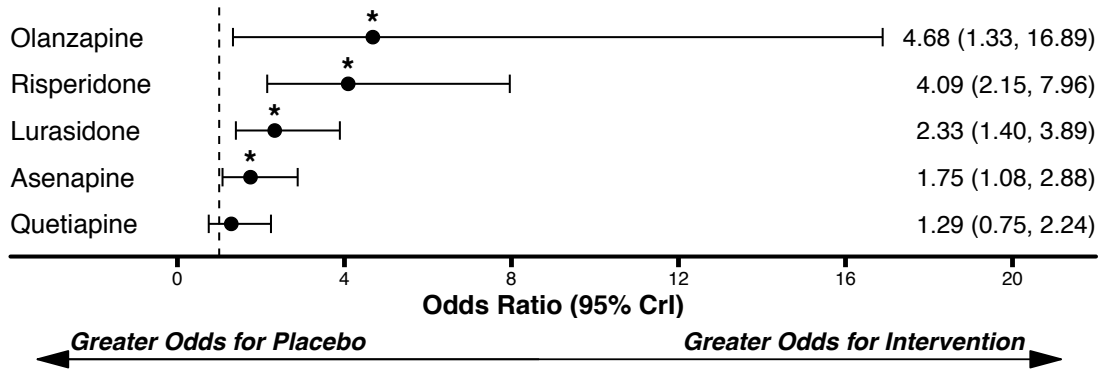

Fig 2. Forest Plot of Change from Baseline in CGI-S Score Compared to Placebo

* Statistically significant compared to placebo

Dashed line at 0 represents no difference from placebo.

Fig 3. Forest Plot of Response Rates Compared to Placebo

* Statistically significant compared to placebo

Dashed line at 1 represents no difference from placebo.

Response was defined as a $\geq 20\%$ improvement in PANSS total score with 3 exceptions: Mozes 2006 and Findling 2012 reported it as $\geq 30\%$ improvement in PANSS total score and Jensen 2008 reported it as $\geq 40\%$ improvement in PANSS total score.

Fig 4. Forest Plot of Change from Baseline in Body Weight Compared to Placebo

* Statistically significant compared to placebo

Dashed line at 0 represents no difference from placebo.

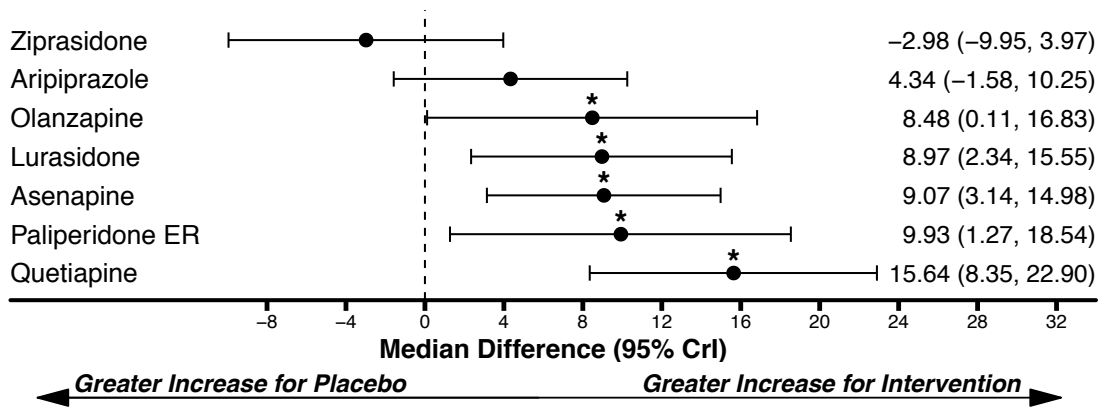

Fig 5. Forest Plot of Change from Baseline in Serum Glucose Compared to Placebo

* Statistically significant compared to placebo

Dashed line at 0 represents no difference from placebo.

Fig 6. Forest Plot of Change from Baseline in Total Cholesterol Compared to Placebo

* Statistically significant compared to placebo

Dashed line at 0 represents no difference from placebo.

Fig 7. Forest Plot of Change from Baseline in Triglycerides Compared to Placebo

* Statistically significant compared to placebo

Dashed line at 0 represents no difference from placebo.

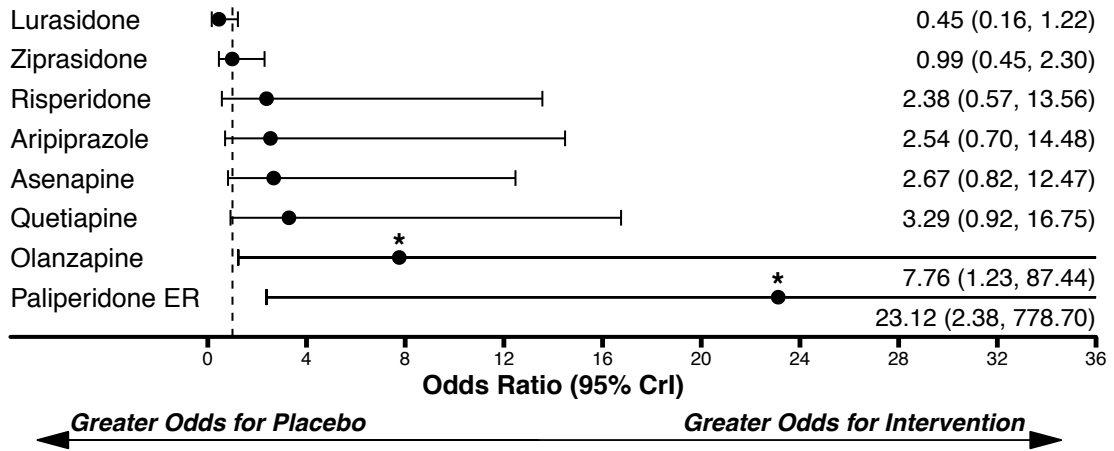

Fig 8. Forest Plot of All-Cause Discontinuation Compared to Placebo

* Statistically significant compared to placebo

Dashed line at 1 represents no difference from placebo.

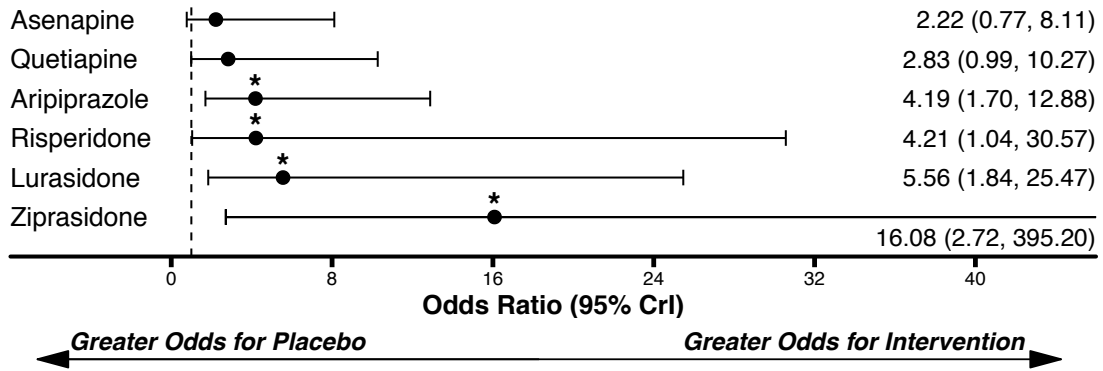

Fig 9. Forest Plot of Discontinuation Due to Adverse Events Compared to Placebo

* Statistically significant compared to placebo

Dashed line at 1 represents no difference from placebo.

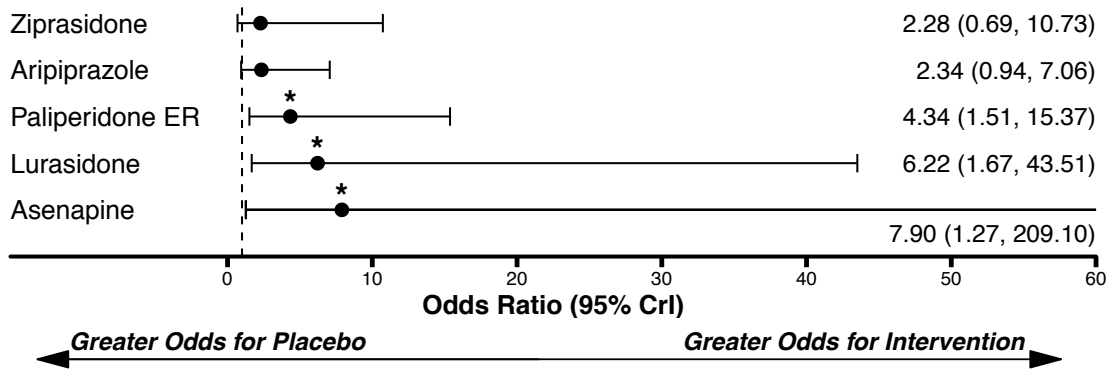

Fig 10. Forest Plot of Extrapyramidal Symptoms Compared to Placebo

* Statistically significant compared to placebo

Dashed line at 1 represents no difference from placebo.

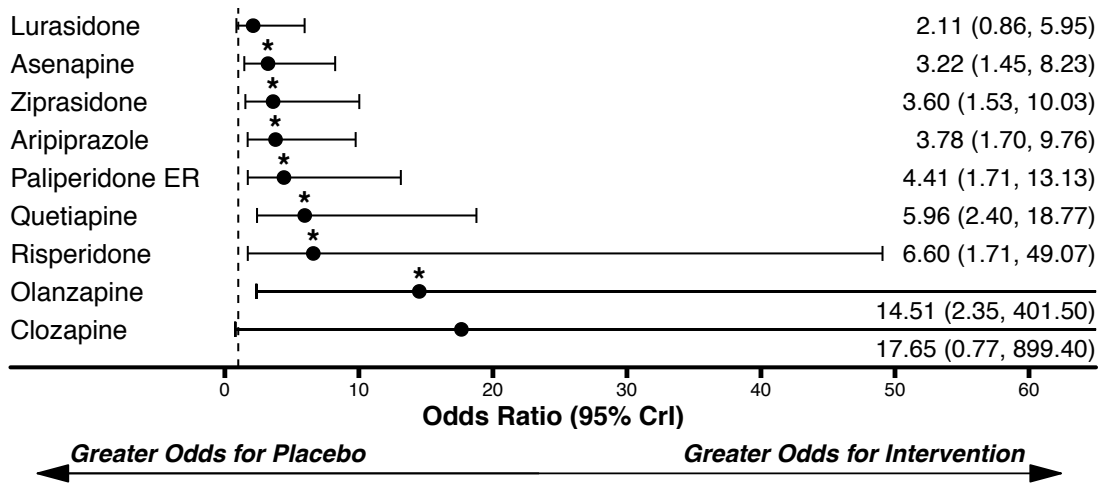

Fig 11. Forest Plot of Akathisia Compared to Placebo

* Statistically significant compared to placebo

Dashed line at 1 represents no difference from placebo.

Fig 12. Forest Plot of Somnolence Compared to Placebo

* Statistically significant compared to placebo

Dashed line at 1 represents no difference from placebo.

Fig 13. Forest Plot of Sedation Compared to Placebo

* Statistically significant compared to placebo

Dashed line at 1 represents no difference from placebo.
