

Thoughts and Feelings about the HPV Vaccine

Welcome to the Thoughts and Feelings about HPV Vaccine Survey!

Thank you for your interest in this survey! The Thoughts and Feelings about HPV Vaccine survey is a study exploring attitudes towards the Human Papillomavirus (or HPV) vaccine.

After this page, you will read an informed consent document and indicate whether or not you would like to participate in this online survey. If you decide to participate, it will take around 30 minutes and you will receive a \$10 Amazon gift card upon completion. Please note that the gift card will be sent to your email address and may take a week to get to you.

While you are taking the survey, we ask that you read each question carefully and give the answer that most closely represents how you feel. There are no incorrect responses -- we are interested in your opinions. The survey responses are completely anonymous, so feel free to answer honestly.

When you are ready to get started, click on the "next" button at the bottom of the page.

We are interested in your awareness of HPV (Human Papillomavirus) and the HPV vaccine. Please choose the best answers for the questions below.
