

S4 Appendix

Performance indicators for the semi-automated classifier

	Macro F1			Micro F1
Language	Skeptics	Advocate	irrelevant/neutral	overall
English	0.65	0.68	0.91	0.83
German	0.92	0.89	0.88	0.85

Reported are the F1 scores (harmonic average of precision and recall; macro F1 for the different categories and micro F1 overall) after the third iteration of active learning. The scores are calculated by comparing the machine coding against the manual coding (gold standard).
