

Supplementary material

“Bisphenol A impaired cell adhesion by altering the expression of adhesion and cytoskeleton proteins on human podocytes”

Rafael Moreno-Gómez-Toledano

María I. Arenas

Clara González-Martínez

Nuria Olea-Herrero

Paula Reventún

Michele Di Nunzio

Sandra Sánchez-Esteban

Eduardo Arilla-Ferreiro

Marta Saura

Ricardo J. Bosch

Supplementary figure 1.- Vimentin

Supplementary figure 2.- Tubulin

Supplementary figure 3.- Podocin

Supplementary figure 4.- Cofilin

Supplementary figure 5.- Vinculin

Supplementary figure 6.- E-cadherin

Supplementary figure 7.- Nephrin

Supplementary figure 8.- V-CAM

Supplementary figure 9.- Tenascin-C

Supplementary figure 10.- β -catenin

Supplementary figure 11.- V-CAM (Tamoxifen experiments)

Supplementary figure 12.- Vinculin (Tamoxifen experiments)

Supplementary figure 13.- E-cadherin (Tamoxifen experiments)

Supplementary figure 14.- Podocin (Tamoxifen experiments)

Supplementary figure 15.- Nephrin (Tamoxifen experiments)
