**COLLEGE OF HEALTH SCIENCES
SCHOOL OF BIOMEDICAL SCIENCES
RESEARCH AND ETHICS COMMITTEE**

20th July 2020

SBS-794

To Mr. Mayito Jonathan
Principal Investigator
Infectious Diseases Institute

Category of review

- Initial review
 Continuing review
 Amendment
 Termination of study
 SAEs

Decision of the School of Biomedical Sciences Research and Ethics Committee (SBS-REC) at its 100th REC meeting held on 25th June 2020.

In the matter concerning the review of a proposal entitled, “Utility of the monocyte ratiom in diagnosing latent TB and HIV- infected individuals with a negative TB symptom screen.” SBS-REC - 794

The investigators have met all the requirements as stated by SBS-REC and therefore, the proposal is **APPROVED**.

The approval granted includes all materials submitted by the investigators for SBS-REC review including;

1. Protocol version 1.4 of 15/07/2020
2. English participation informed consent form of 15/07/2020
3. Luganda participation informed consent form of 15/07/2020
4. Case Report forms (phase 1 and 2) version 1.3 of 3/05/2020

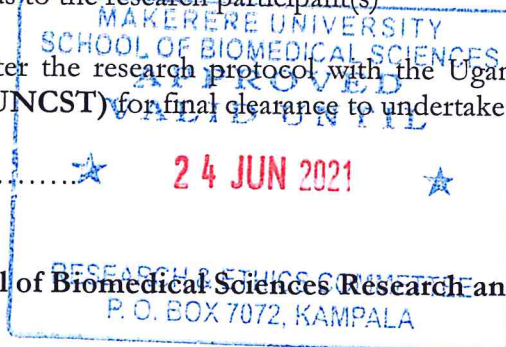

and is valid until **24th June 2021**

Please note that the annual report and the request for renewal where applicable, should be submitted six weeks before expiry date of approval.

Any problems of a serious nature related to the execution of the research protocol should be promptly reported to the SBS-REC, and any changes to the research protocol should not be implemented without approval from SBS-REC, except when necessary to eliminate apparent immediate hazards to the research participant(s).

You are required to register the research protocol with the Uganda National Council for Science and Technology (UNCST) for final clearance to undertake the study in Uganda.

Signed.....

Dr. Jackson Mukonzo

Vice Chairperson, School of Biomedical Sciences Research and Ethics Committee.
