

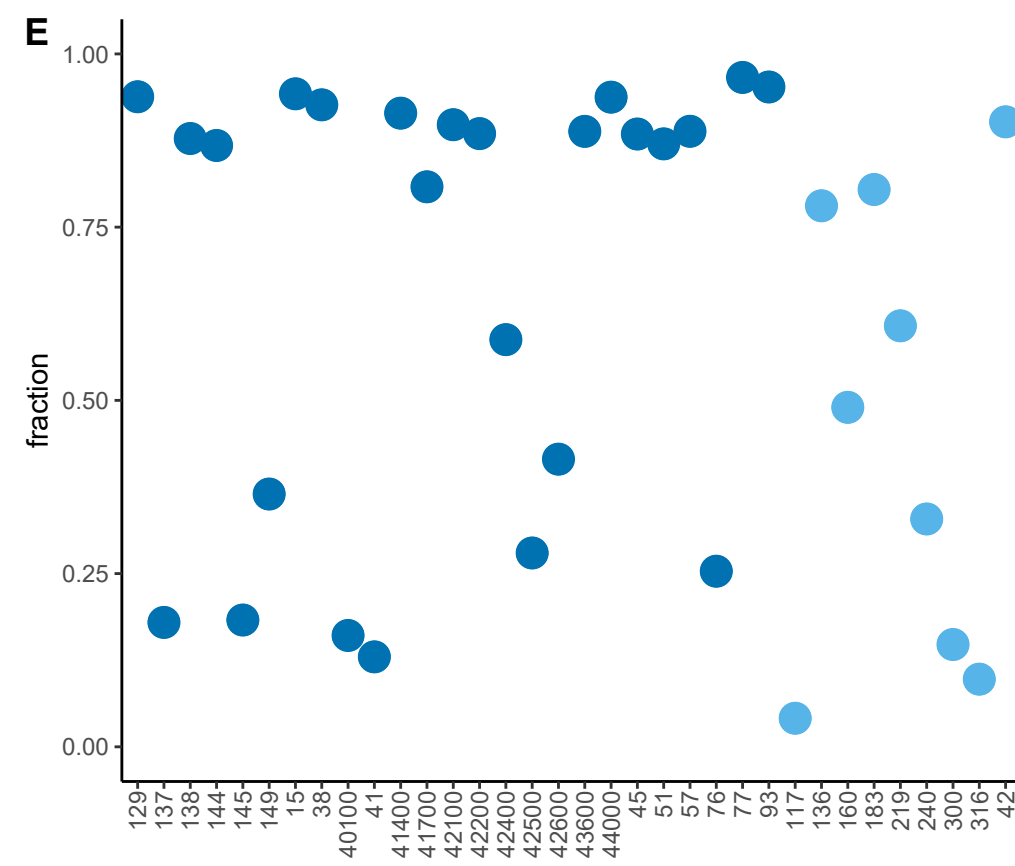

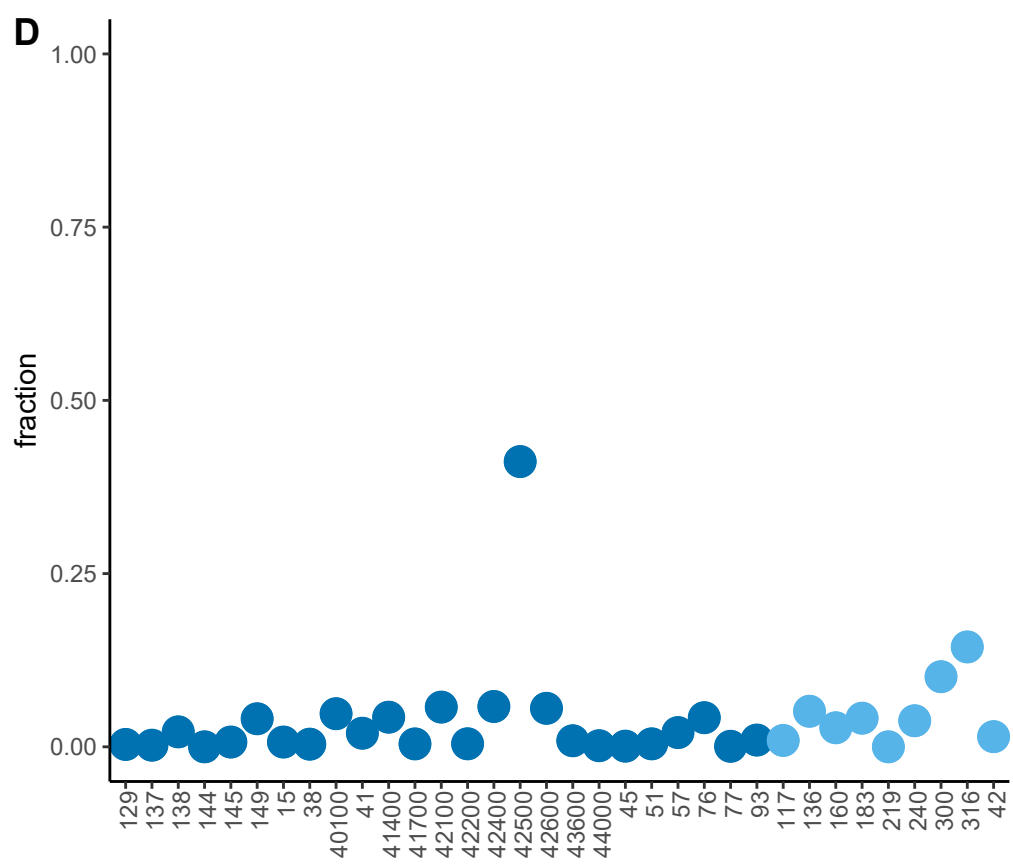

Figure S2

Supplemental Figure 2. Individual aerotolerance profiles in the colonic mucosa. Scatterplots of ileal mucosa of nonIBD (light blue) and CD (dark blue) and the relative abundances of taxa classified as obligate aerobes (A), aerobes (B), facultative anaerobes and microaerophiles (C), anaerobes (D), and obligate anaerobes (E)

Figure S3

Aerotolerance Profiles in Ileal Mucosa
