

Title: Supplementary Data 1.

Description: Analysis of primer dimers in RT-RPA reactions.

Title: Supplementary Data 2

Description: Bioinformatic analysis of the number of mismatches between eRPA assay primers and known variants of SARS-CoV-2. Bioinformatic analysis of the number of mismatches between eRPA assay primers and other coronaviruses.

Title: Supplementary Data 3.

Description: Data for all patient sample RT-qPCR and eRPA assays performed in this study
