Supplementary Figure 1. A, qRT-PCR analysis of AFAP1-AS1 overexpression in NP69 cells. **B-C**, Representative results of cell proliferation (**B**) and colony formation assays (**C**) in NP69 cells transfected with AFAP1-AS1 overexpressing plasmid or vector. **D**, Quantification of colony formation in (**C**). Error bars represent the SD. ** $P < 0.01$. *** $P < 0.001$. Data are representative of three independent experiments.
