

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/atm-20-3848	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The survival data in particular will be shared, and we also found a correlation between the expressional level of LINC00844 and survival outcomes, which has seldom been provided in previous studies.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent form will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique or survival date may be updated over time.
7	To whom will you share the data?	Medical oncologists and general surgeons who are interested in studies of LincRNA.
8	For what type of analysis or purpose?	For analysis to evaluate the predictive value of LINC00844 in HCC cancer patients.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: wlm@zju.edu.cn
10	Any other restrictions?	-
