

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/atm-20-3230	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The analysis of the differences of in vitro fertilization–intracytoplasmic sperm injection (IVF-ICSI) outcomes between fresh embryo transfer (ET) and frozen ET for patients with thin endometrium.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Study protocol and statistical analysis plan will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique may be updated over time.
7	To whom will you share the data?	Colleagues in obstetrics and gynecology who are required to share data.
8	For what type of analysis or purpose?	For analysis of thin endometrial women
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: 734347204@qq.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
