## Health layering of self-help groups: impacts on reproductive,

## maternal, newborn and child health and nutrition in Bihar, India

Supplemental Figure 1. Health Layering upon Self Help groups (SHGs) in Bihar, India 2014-2017

**Parivartan** Self Help Groups Non-governmental organization (NGO)-Led

Sahelis "Female Friends" trained to give 8 health modules

JEEvIKA self help groups

Government Led

Focus on livelihoods/finance

Interrelation between health and livelihoods ANC and birth prep Postnatal care Exclusive breastfeeding and supplementary nutrition Routine immunization Family Planning Personal Hygiene Use of toilet and garbage management

Modules on:

New groups: Demonstration of model Modules extracted to form basis of layering

Health layering: Interrelation between health and livelihoods ANC and birth prep Postnatal care Exclusive breastfeeding and supplementary nutrition Routine immunization Family Planning Personal Hygiene Use of toilet and garbage management

JEEvIKA self help groups

Government Led

Focus on livelihoods/finance

Adding layering on previously formed groups

Supplemental Table 1a. Effect of SHG interventions on reproductive, maternal, newborn and child health and nutrition indicators by continuum of care, CHS round 6 (2014), comparing *Parivartan* SHG members vs non-members, 64 blocks (OR +/- 95% CI)

						Round	6 (2014)		
Description	Continuum of care domain	Delivery Platform	Effect	Odds Ratio Esti mate	Lower 95% Confi dence	Upper 95% Confi dence	Higher odds for SHG in <i>Parivarta</i> <i>n</i> blocks compared to non members	Equal odds for SHG in <i>Parivartan</i> blocks compared to non members	Lower odds for SHG in Parivarta n blocks compared to non members
4+ ANC visits	Antenatal Care	Facility/O utreach Service Delivery	Parivartan vs non SHG	0.786	0.425	1.456	0	1	0
Had at least one ANC exam if reporting any ANC visit	Antenatal Care	Facility/O utreach Service Delivery	Parivartan vs non SHG	2.104	0.289	15.29	0	1	0

Supplemental Table 1c Legend:

All models presented were adjusted for age of the mother and the sex of the focal child. These models also accounted for the study's complex design by applying study weights. Abbreviations: ANC, antenatal care; CHS, Community-based Household Survey; CI Confidence Interval; DPT, diphtheria-pertussis-tetanus; FLW, frontline worker; HL, Health Layering; IFA, iron-folic acid; IPV, inactivated polio vaccine; OPV, oral polio vaccine; OR Odds Ratio; PPIUD, postpartum intrauterine device; SHG, self-help group

Description	Continu um of	<u>th-layered blocks c</u> Delivery Platform	Effect	Odds Ratio	Lower 95%	Upper 95%	Highe r odds	Equal odds	Lower odds

Supplemental Table 2 Legend: All models presented were adjusted for age of the mother and the sex of the focal child. These models also accounted for the study's complex design by applying study weights. Abbreviations: ANC, antenatal care; CHS, Community-based Household Survey; CI Confidence Interval; DPT, diphtheria-pertussis-tetanus; FLW, frontline worker; HL, Health Layering; IFA, iron-folic acid; IPV, inactivated polio vaccine; OPV, oral polio vaccine; OR Odds Ratio; PPIUD, postpartum intrauterine device; SHG, selfhelp group

JEEVIKA+HL vs SHG only is an indicator which compares SHG members in the 101 blocks with Health Layering either Parivartan or JEEViKA + HL to SHG members in the 433 blocks with JEEViKA alone, Round 8 and 9, 2015-2017 only

Supplemental Table 3. Timeline of Interventions and Evaluations								
Time- Evaluation Rounds	64 blocks- Parivartan	37 blocks JEEViKA+ Health (101 total) (round 6 only, control 2)	256 Light touch blocks	433 blocks, rest of bihar (control 1)				
Round 6- May 2104- Sept 2014	Active	JEEViKA	JEEViKA	JEEViKA				
Round 7 Sept 2015- December 2015	Active	Transition	Transition	JEEViKA				
Round 8 October 2015- Jan 2016	Active	Active	JEEViKA or Active?	JEEViKA				
Round 9 October 2016- Jan 2017	Phase out- transition to JEEViKA+ Health	Active	Active	JEEViKA				
Comparison 1: SHG to non SHG in 64 Parivartan blocks (Rounds 6- 9 together) Comparison 2: SHG to non SHG in 37 JEEViKA + Health blocks (Rounds 6- 9 together) Comparison 3: SHG to non SHG in 433 JEEViKA blocks (Rounds 6- 9 together) Comparison 4: SHG members in 101 Health-layered blocks (Parivartan and JEEViKA+HL) compared to SHG members in JEEViKA in 433 blocks in the rest of Bihar SHG=Self Help Group
