

### Supplementary Data 4 – Gating strategies

These figures show an overview of the two gating strategies that were used. The upper panel illustrates the gating of CD38++ plasma cells, while the lower panel illustrates the gating of PD1+ ICOS+ Tfh cells

CD19\_142Nd  
CD3+ cells

CD4+ T cells

CD4+ CXCR5+ CD45RA- T cells

PD1+ ICOS+ Tfh cells
