

1. Participant ID Number _____

2. How old are you (in years)? _____

3. What is the highest level of school you have completed?

- 0 Never attended school / Kindergarten only
- 1 Primary School (1st grade – 8th grade)
- 2 Some high school, but no diploma
- 3 High school diploma (or GED)
- 4 Some college, but no degree
- 5 2-year college degree
- 6 4-year college degree
- 7 Master's/ doctoral degree

4. What is your current relationship status? 1 Married 2 Widowed 3 Divorced 4 Separated
 5 Living with partner but not married 6 Single, never married

5. Do you consider yourself to be Hispanic or Latina? 1 Yes 2 No

This includes Puerto Rican, Cuban/Cuban American, Dominican (Republic), Mexican/Mexican American, etc.

6. What race or races do you consider yourself to be? Please select one or more.

- 1 White
- 2 Black/African American
- 3 Asian
- 4 Native American/Alaskan Native
- 5 Native Hawaiian/Pacific Islander
- 6 Other: _____

7. What is the primary language spoken in your home? 1 English 2 Spanish 3 Other _____

8. Think of the primary language that you use in your home. Answer the following with the answers that best describe your situation.

	Only English	English better than my native language	Both equally	Native better than English	Only my native language
a) In general, what language(s) do you read and speak?	①	②	③	④	⑤
b) What language do you usually speak at home?	①	②	③	④	⑤
c) In what language do you usually think?	①	②	③	④	⑤
d) What language do you usually speak with your friends?	①	②	③	④	⑤

9. Were you born in the United States? 1 Yes 2 No

10. What is your country of birth? _____ 0 I was born in the U.S.

11. How old were you when you moved to the United States? 0 I was born in the U.S.

Weeks _____ Months _____ Years _____

12. How tall are you? Feet _____ Inches _____

38. Are you currently pregnant? 1 Yes 2 No 3 Not sure

39. When is your due date? Month _____ Year _____ 0 N/A

64. Have you ever had cancer of any kind? 1 Yes 2 No 3 Not sure/ Do not know

65. Have you ever had breast cancer? 1 Yes 2 No 3 Not sure/ Do not know

66. How often do you worry about getting breast cancer?

1 Always 2 Very Often 3 Sometimes 4 Rarely 5 Never

67. How often does worrying about cancer affect your mood?

1 Always 2 Very Often 3 Sometimes 4 Rarely 5 Never

68. What members of your family have ever had cancer of any kind? 0 None

1 Biological Father 3 Full Brothers (who have the same biological mom/dad as you)
2 Biological Mother 4 Full Sisters (who have the same biological mom/dad as you)

69. What members of your family have ever had had breast cancer? 0 None

1 Biological Father 3 Full Brothers (who have the same biological mom/dad as you)
2 Biological Mother 4 Full Sisters (who have the same biological mom/dad as you)

70. Some people have a higher chance of getting some cancers. These people may have a cancer gene. These cancers can be prevented through screening and early treatment. Please answer the following questions to the best of your ability:

	True	False	I Don't Know
a. A parent can pass a cancer gene to their child that increases their child's chance of getting cancer.	1 <input type="checkbox"/>	2 <input type="checkbox"/>	3 <input type="checkbox"/>
b. A person who does not have a cancer gene can still get cancer.	1 <input type="checkbox"/>	2 <input type="checkbox"/>	3 <input type="checkbox"/>
c. Very few women have a cancer gene that increases their chance of getting breast cancer.	1 <input type="checkbox"/>	2 <input type="checkbox"/>	3 <input type="checkbox"/>
d. A person with a family member who had cancer has a higher chance of getting cancer	1 <input type="checkbox"/>	2 <input type="checkbox"/>	3 <input type="checkbox"/>
e. Cancer at younger ages (<50) is LESS likely due to a person having a cancer gene.	1 <input type="checkbox"/>	2 <input type="checkbox"/>	3 <input type="checkbox"/>
f. Mammograms often do not detect cancer until after it spreads to other parts of the body.	1 <input type="checkbox"/>	2 <input type="checkbox"/>	3 <input type="checkbox"/>
g. Having the breasts removed will definitely prevent breast cancer.	1 <input type="checkbox"/>	2 <input type="checkbox"/>	3 <input type="checkbox"/>
h. An unhealthy environment may increase a person's chance of getting breast cancer.	1 <input type="checkbox"/>	2 <input type="checkbox"/>	3 <input type="checkbox"/>
i. An unhealthy diet may increase a person's chance of getting breast cancer.	1 <input type="checkbox"/>	2 <input type="checkbox"/>	3 <input type="checkbox"/>
j. I want to get a test that will tell me if I have a cancer gene.	1 <input type="checkbox"/>	2 <input type="checkbox"/>	3 <input type="checkbox"/>

71. How much are you willing to pay out of pocket to find out if you have a cancer gene? 0 Nothing

1 \$25 3 \$250-\$400 5 \$1000+
2 \$50-\$200 4 \$500-\$900

72. What reasons do you want to get a test that will tell you if you have a cancer gene? 0 I do not want this.

1 To plan for the future
2 To guide decisions about when to have a baby
3 To know about need for additional cancer screening

73. Please indicate your level of agreement with the following statements:

Genetic testing for cancer prevention ...	Disagree			Agree	
a) ... is a good idea	①	②	③	④	⑤
b) ... is a frightening idea	①	②	③	④	⑤
c) ... is a reassuring idea	①	②	③	④	⑤
d) ... is something everyone should do	①	②	③	④	⑤

74. If you found out that you had a higher chance of getting breast cancer, which of the following would you choose to do? You may choose more than one.

- 1 Do nothing
- 2 Screening with mammograms or other tests early and often
- 3 Take medicine every day so I do not get cancer
- 4 Surgery to remove breasts (mastectomy)
- 5 Surgery to remove both ovaries (oophorectomy)
