

## Data Sharing Statement

<b>Article Info</b>	<a href="http://dx.doi.org/10.21037/tlcr-20-855">http://dx.doi.org/10.21037/tlcr-20-855</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place - if not applicable)</b>
1	Would you like to share data collected for your study to others?	The datasets generated during and/or analysed during the current study are available from the corresponding authors (ER and RZ) upon reasonable request.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Datasets of CTC enumeration
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	None other data will be shared
5	When will data availability begin?	Data will be available after study publication
6	When will data availability end?	Data availability will end at December 2022
7	To whom will you share the data?	Data will be shared to academic researchers involved in liquid biopsy studies
8	For what type of analysis or purpose?	Meta-analysis or pooled-analysis of individual data
9	How or where can the data/documents be obtained?	Datasets can be obtained upon written request to the corresponding authors (ER and RZ)
10	Any other restrictions?	Commercial exploitation of datasets is excluded
