Face
masks
study

The Covid-19 pandemic has globally impacted how people interact, communicate and work. Wearing face masks has been recommended by health experts globally to combat the spread of the virus. This study examines the experiences and difficulties of face mask wearing faced by the public in various spaces. By choosing I agree, you are agreeing that you are at least 16 years old, that you have read the information about the experiment, and that you voluntarily agree to take part in this study. This study was approved by PSMCHS Institutional Review Board (IRB-2020-CLS-029)
