

SAGE AUTHORSHIP CHANGE REQUEST

INSTRUCTIONS:

Please print and complete all sections of this form. We require that all authors (including current co-authors, those to be added and those to be removed) sign the relevant sections below. Once complete, please scan the form and return to <<email address>>

SECTION ONE: PAPER INFORMATION

| | | |
|--------------|--|---|
| JOURNAL NAME | Therapeutic Advances in Neurological Disorders | |
| PAPER TITLE | Effects of LSVT BIG and conventional physiotherapy on non-motor and motor symptoms in Parkinson's disease: a randomized controlled study comparing three exercise models | MANUSCRIPT ID NUMBER TAN-20-OR-0015.R1 |

SECTION TWO: ESSENTIAL CONDITIONS FOR CHANGE

The new author list should contain only those who can legitimately claim authorship. This is all those who:

- 1) Have made a substantial contribution to the concept and design, acquisition of data or analysis and interpretation of data; AND
- 2) Drafted the article or revised it critically for important intellectual content; AND
- 3) Approved the version to be published.

NB: Registered authors should meet the conditions of all of the points above. All contributors who do not meet the criteria for authorship should instead be listed in an 'Acknowledgements' section.

SECTION THREE: REASON FOR AUTHORSHIP CHANGE

| |
|---|
| Please provide a detailed explanation for the change in authors in the box below. |
|---|

To incorporate the aspects mentioned by the reviewers into the manuscript, additional statistical analyses as well as revision of theoretical content was necessary. As expected this process required more than a few hours of work. Due to time constraints caused by other projects and the holiday season none of the previously enlisted authors were able to meet these requirements. Therefore, Timo Marcel Buchwitz joined the research team and took care of most of the review process. Because of his substantial contribution to the manuscript we would like to add him to the list of authors.
