

SUPPLEMENTAL MATERIALS

Supplemental Table 1: Regions selected from Harvard Oxford Cortical and Subcortical Atlases to create imaging masks.

<u>Cortical Atlas:</u>	<u>Index #</u>	<u>Subcortical Atlas:</u>	<u>Index #</u>
Frontal Pole	0	Left/Right Thalamus	3, 14
Insular Cortex	1	Left/Right Caudate	4, 15
Superior Frontal Gyrus	2	Left/Right Putamen	5, 16
Middle Frontal Gyrus	3	Left/Right Pallidum	6, 17
Inferior Frontal Gyrus (pars triangularis & pars opercularis)	4, 5	Left/Right Hippocampus	8, 18
Precentral Gyrus	6	Left/Right Amygdala	9, 19
Temporal Pole	7		
Superior Temporal Gyrus (anterior division)	8		
Middle Temporal Gyrus (anterior division)	10		
Inferior Temporal Gyrus (anterior division)	13		
Postcentral Gyrus	16		
Frontal Medial Cortex	24		
Cingulate Gyrus (anterior & posterior divisions)	28, 29		
Precuneous Cortex	30		
Frontal Orbital Cortex	32		
Temporal Fusiform Cortex (anterior division)	36		
Frontal Operculum Cortex	40		

*All regions thresholded at 50% probability of being that region across populations.
