

Figure S1. Verification of transfection efficiency. Transfection efficiency of (A) miR-130am, (B) miR-130ai, (C) ER α -overexpression vector and (D) AR-overexpression vector in HeLa and SiHa cells. **P<0.01 vs. NC. miR-130am, miR-130a mimics; miR-130ai, miR-130a inhibitor; ER α , estrogen receptor α ; AR, androgen receptor; NC, negative control.
