Remote evaluation of the V-HLO-Fr intervention

Interview guide

(Translated)

DATE:

IDENTITY/HOSPITAL:

Question 1: How would you qualify the <u>workload</u> requested for the intervention?

     More generally: <u>feasibility</u> of the process?

Question 2: Did the intervention contribute to your <u>knowledge</u> of the subject "Health literacy in healthcare institutions"?

Question 3: Has the <u>round table</u> had, at this stage, an impact in your institution? For example:

Question 4: Do you think that the result of <u>organisational diagnosis</u> you have just received could be useful to you?

     More globally:

     - Utilities / impact of the process?

     - Follow-up given / envisaged?

     - Any suggestions for improvement?

(Transversely: did context-specific points spontaneously emerge from the discussion: temporality, power relationship, group composition, etc….?)
