

*Appendix 3 Data extraction framework*

<b>Main category</b>	<b>Subcategory</b>	<b>Description</b>
<b>1. Author</b>		Last name, first name
<b>2. Year</b>		Year study conducted
<b>3. Country</b>		
<b>4. Title</b>		
<b>5. Objectives</b>		Stated objectives of the study
<b>6. Study method classification</b>	a. Qualitative b. Quantitative c. Mixed	
<b>7. Study design</b>		Describe study's methodology and methods in detail.
<b>8. Study population</b>		Number of participants and describe population group under study.
<b>9. Description of men</b>		Extract quotes/ describe how men and their roles are conceptualized in study
<b>10. Intervention – summary</b>		Summarize intervention
<b>11. Intervention – mode of delivery</b>		Settings, implementers, and modalities of implementation
<b>12. Intervention – length / intensity</b>		Time frame and frequency of implementation/ exposure
<b>13. Intervention – TOC</b>		Summarize theory of change of intervention, if available
<b>14. Intervention TOC quote</b>		Extract any quotes on intervention theory of change here
<b>15. Outcome variables</b>		Outcome measures
<b>16. Main Findings</b>		Main findings with respect to men
<b>17. Notes</b>
