## **DOSE-EX study group response to the COVID-19 suspension of the public sector in Denmark**

Due to the suspension, imposed by the Danish government \*, of activities not related to health care in the public sector in Denmark, inclusion of new participants in the DOSE-EX study is suspended until further notice. Activities for included participants, not yet allocated, has been postponed until further notice.

On behalf of the steering committee

*Mathias Ried-larsen*
