

THE LANCET

Microbe

Supplementary appendix

This appendix formed part of the original submission. We post it as supplied by the authors.

This online publication has been corrected. The corrected version first appeared at [thelancet.com](https://www.thelancet.com) on April 27, 2021.

Supplement to: Bermejo-Martin JF, Almansa R, Tedim AP, et al. Mounting evidence of impaired viral control in severe COVID-19. *Lancet Microbe* 2021; published online April 15. [https://doi.org/10.1016/S2666-5247\(21\)00084-7](https://doi.org/10.1016/S2666-5247(21)00084-7).

Evidences of uncontrolled viral replication in severe COVID-19

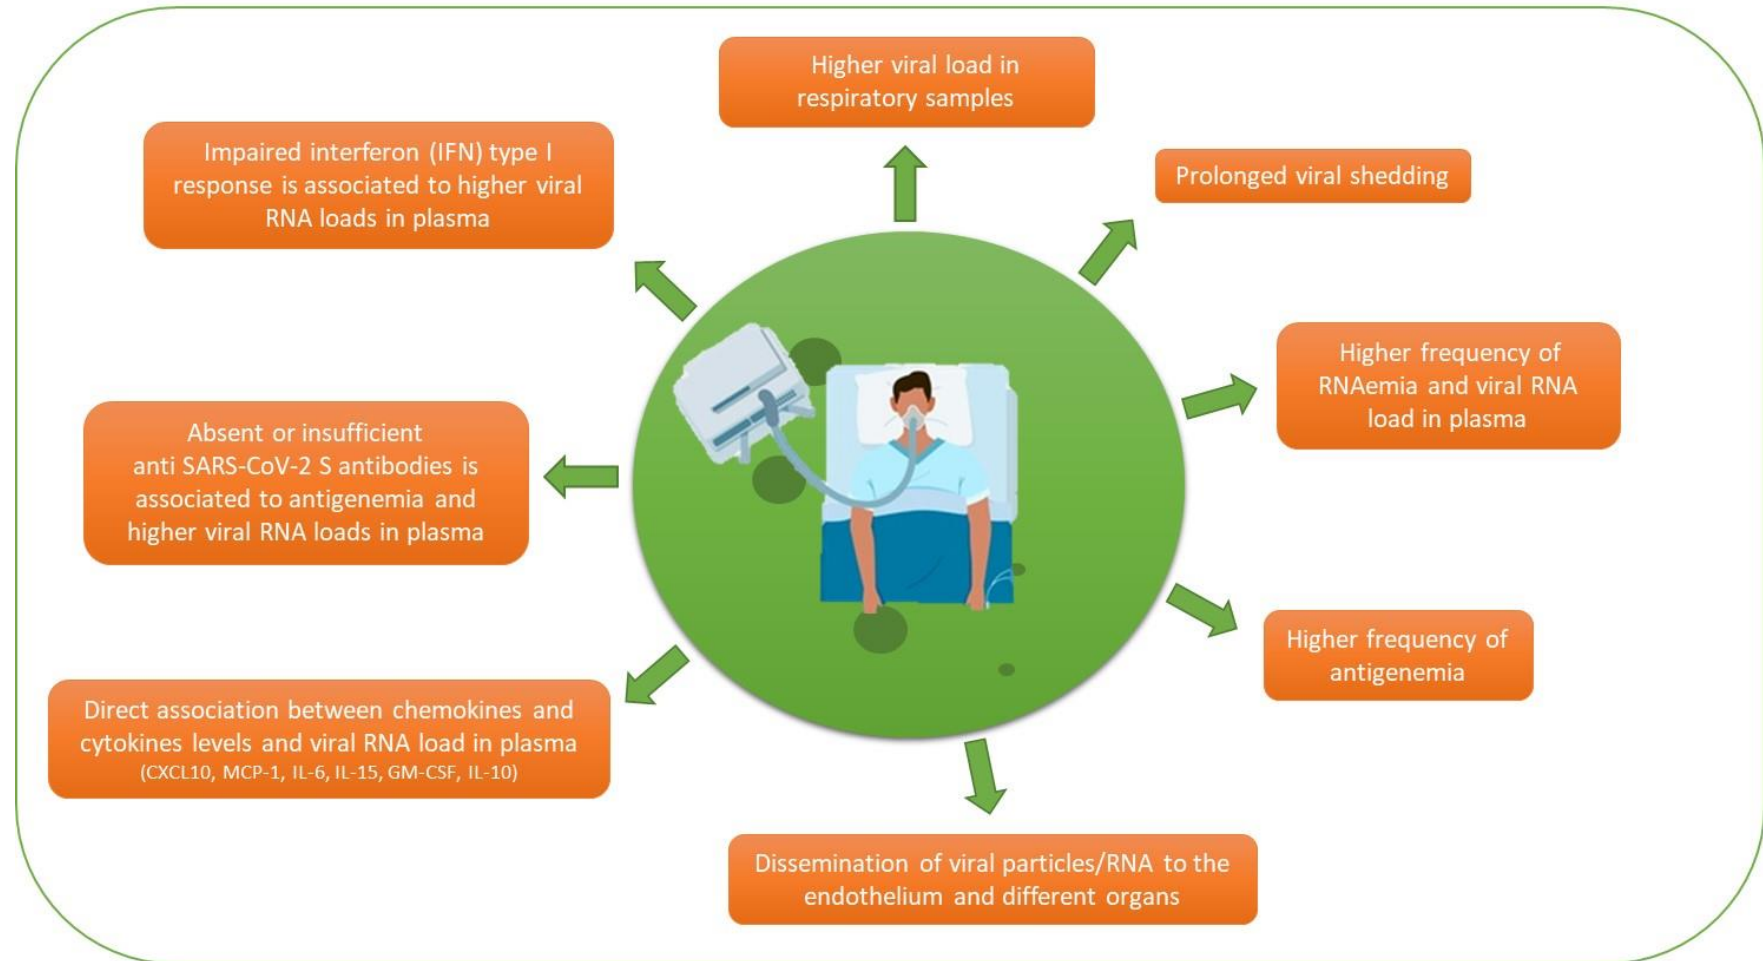

Figure 1: Overview of the published evidence supporting that patients with severe COVID-19 are not able to control viral replication, translating into increased viral burden and dissemination. Image of the patient on ventilator was taken from <https://www.freepikcompany.com/es/terminos-y-condiciones#nav-freepik>
