

## Supplementary Figure S2

**Figure S2** Hep 3B or SMMC-7721 cells were transfected with NC, miR-139-5p mimics or miR-139-5p mimics & WTAP overexpression plasmid. Cell migration capability of Hep 3B or SMMC-7721 cells in different groups was analyzed by transwell assay. \* $p < 0.05$ , \*\* $p < 0.01$ .
