

Supplementary information, Fig. S11| Comparison of the mutations introduced in β_1 AR_6mut construct with those in the β_1 AR_{in}/ β_2 AR_{out} chimera.

a, Side view of the β_1 AR-carazolol structure. The 6 mutations introduced in the β_1 AR_6mut are shown as green sticks and spheres. The other mutations introduced in the β_1 AR_{in}/ β_2 AR_{out} chimera are shown as orange sticks. b, Top view of the β_1 AR-carazolol structure.
