

# Uma infecção - um remédio adaptado

Virus (Zika, Dengue, gripe...)

=

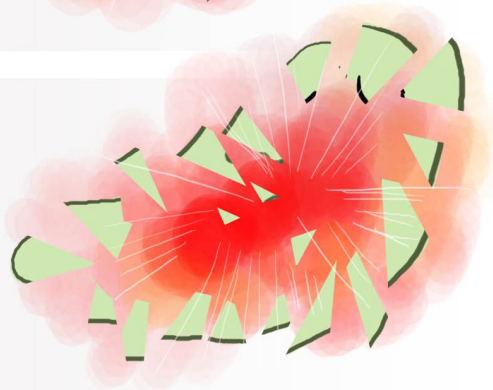

Bactéria (Dor de ouvido...)

=

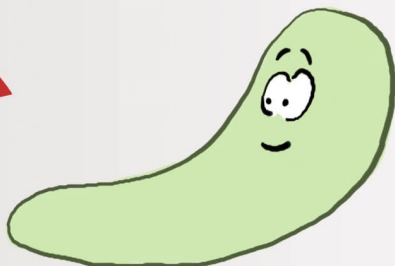

Parasite (Malária,...)

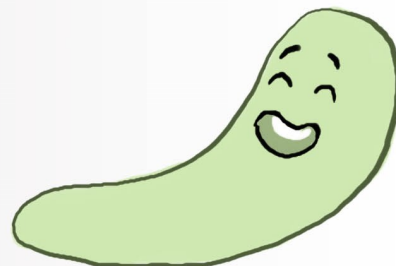

=

Um remédio para uma bactéria por exemplo, pode não ter efeito sobre um parasita.

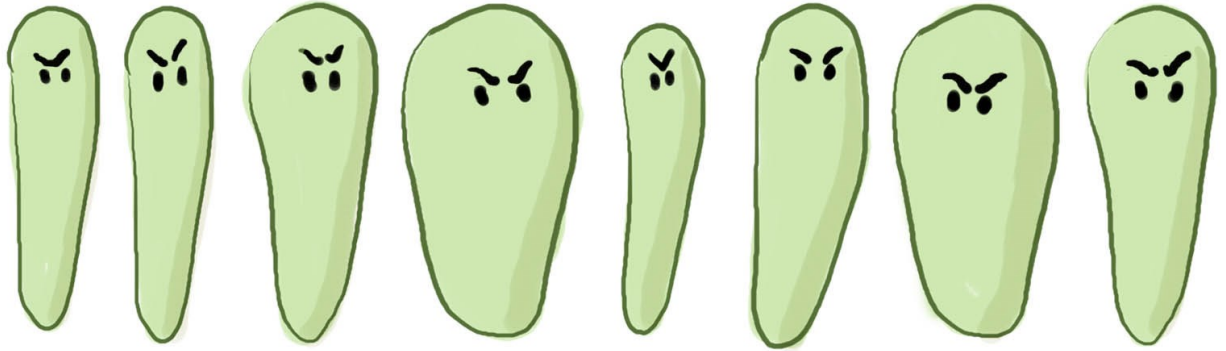

=

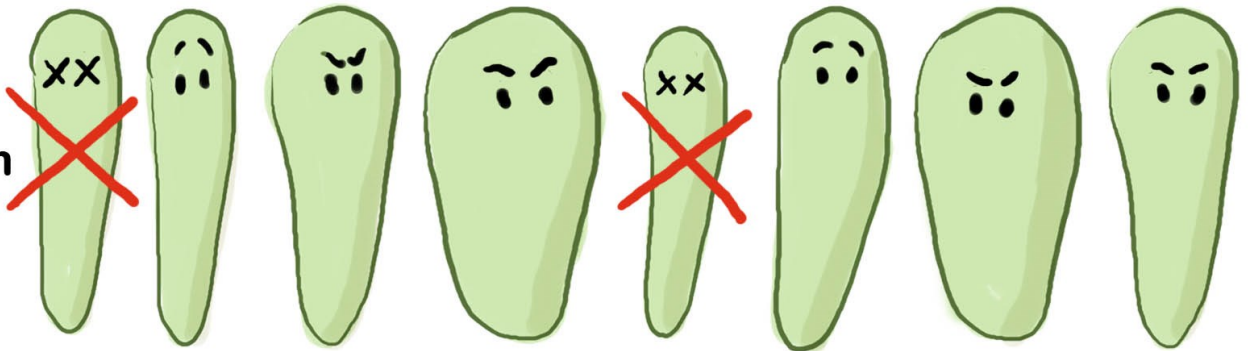

**O REMEDIO DA MALÁRIA TAMBÉM É ESPECÍFICO**

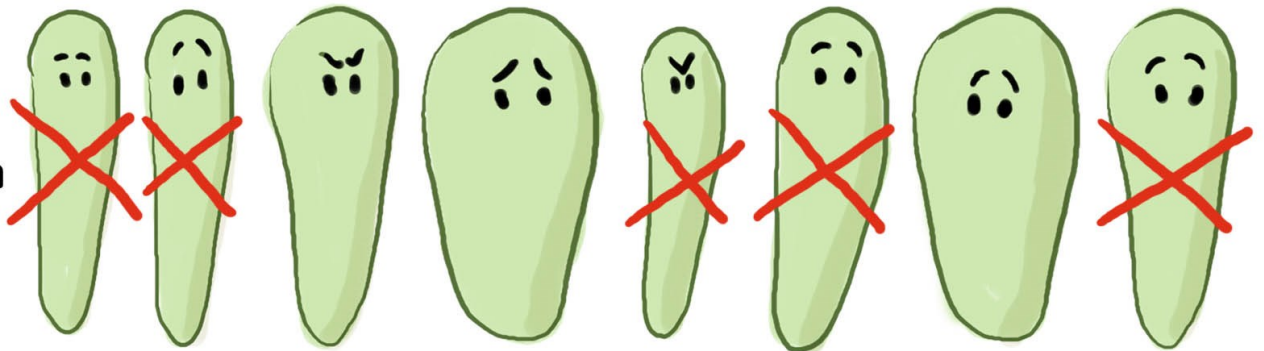

Antes  
Coartem

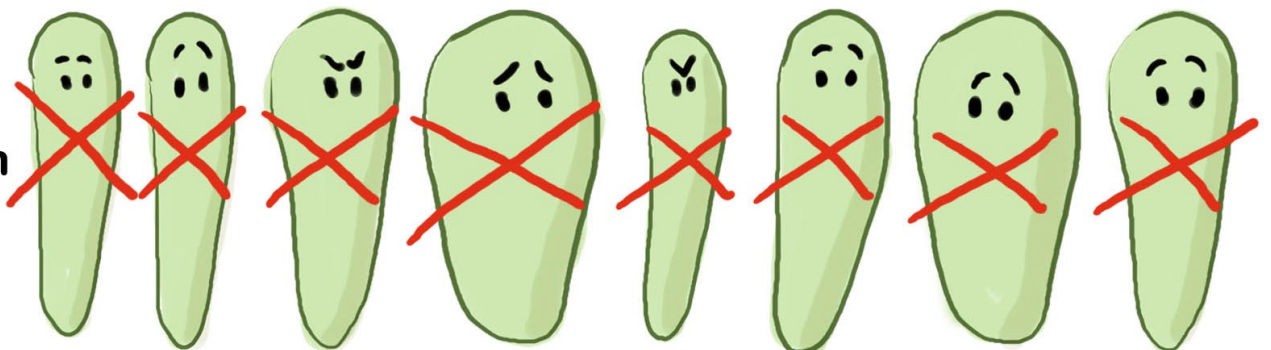

Dia 1  
Coartem

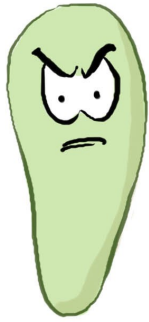

Dia 2  
Coartem

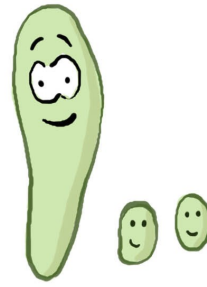

Fim do  
coartem

# Parasita da Malária

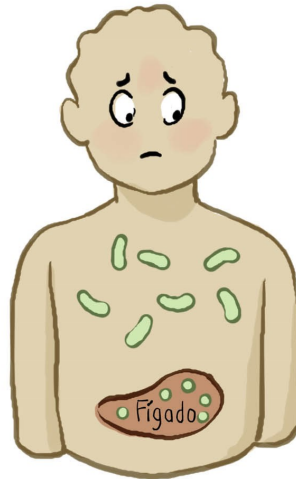

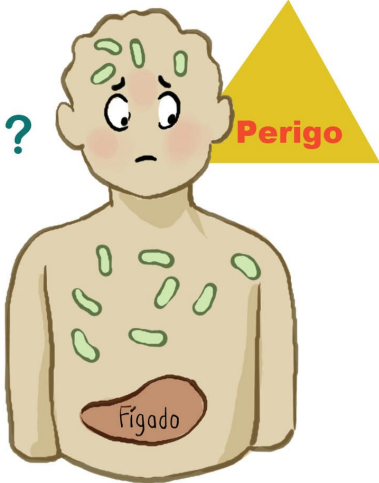

**FALCI**

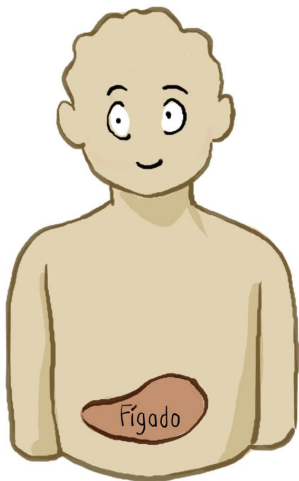

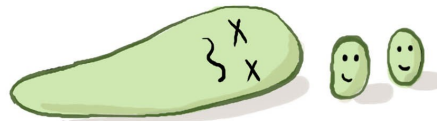

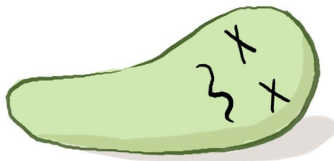

**VIVAX**

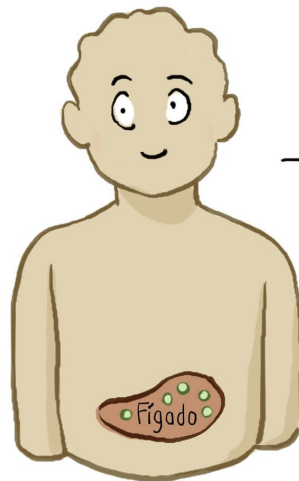

Onde  
está o  
parasita ?

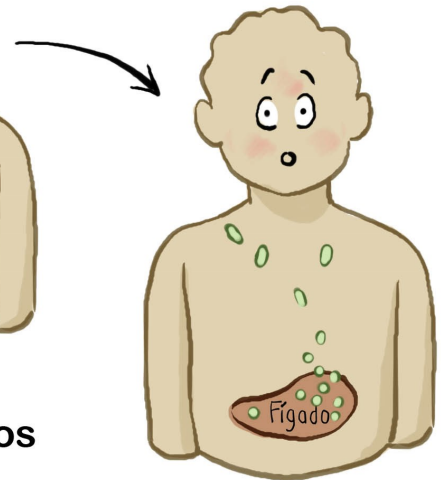

Efeito  
do  
COARTEM

**Eliminado  
completamente  
do corpo**

**Eliminado  
do corpo menos  
do fígado**

**Se um mês depois você  
tiver malária de novo,  
talvez seja o vivax que  
se acordou**

Sonolento

Eu não urino mais

Olhos amarelados

Convulsões

Problemas para respirar

Vômitos

Faço um tratamento para o coração
