

Heat shock protein 83-1 Uncharacterized protein
 Histone H4 Putative heat-shock protein hsp70

ATP synthase subunit beta Dihydrolipoyl dehydrogenase
 Putative ribosomal protein S20 Elongation factor 2

Glycosomal membrane protein 40S ribosomal protein S4
 Putative RNA binding protein Heat shock protein 83-1

Histone H2B Phosphoenolpyruvate carboxykinase
 Malate dehydrogenase Putative histone H3 variant

Chaperonin HSP60, mitochondrial Tryparedoxin peroxidase
 Elongation factor 1-alpha Putative 60S ribosomal protein L34

Transaldolase Putative heat shock protein
 Uncharacterized protein Tubulin alpha chain
