

Table S1 Comparison of sociodemographic, professional, and clinical variables between the two highest stigma groups for schizophrenia and ADHD

| Variable | Highest stigma - ADHD (n=174) | Highest stigma - schizophrenia (n=202) | p-value |
|-----------------------------------------|-------------------------------|----------------------------------------|---------|
| Sociodemographics | | | |
| Sex | | | |
| Female | 75 (43.1) | 88 (43.8) | 0.89 |
| Male | 99 (56.9) | 113 (56.2) | |
| Age, median (IQI) | 40 (34/52) | 41 (34/54) | 0.48* |
| Marital status | | | |
| Married | 114 (65.9) | 140 (69.3) | 0.48 |
| Not married | 59 (34.1) | 62 (30.7) | |
| Religion | | | |
| Yes | 130 (74.7) | 143 (70.8) | 0.39 |
| No | 44 (25.3) | 59 (29.2) | |
| Professional | | | |
| Years since graduation, median (IQI) | 14 (7/27) | 15 (8/30) | 0.31* |
| Graduate level education | | | |
| Yes (MSc and/or PhD) | 36 (20.7) | 56 (27.7) | 0.11 |
| No | 138 (79.3) | 146 (72.3) | |
| Work, predominantly | | | |
| Private | 118 (67.8) | 148 (73.3) | 0.25 |
| Public | 56 (32.2) | 54 (26.7) | |
| Teaching activities [†] | | | |
| Yes | 96 (55.5) | 115 (57.2) | 0.74 |
| No | 77 (44.5) | 86 (42.8) | |
| Clinical | | | |
| STAI-Trait total scores, median (IQI) | 34 (29/40) | 35 (29/40) | 0.89* |
| PANAS positive, mean (SD) | 34.4 (6.2) | 33.8 (6.2) | 0.29 |
| PANAS negative, median (IQI) | 17 (14/20) | 16 (14/21) | 0.49* |
| Big Five Inventory, mean (SD) | | | |
| Openness | 3.7 (3.1/4.2) | 3.6 (0.6) | 0.44 |
| Conscientiousness | 3.7 (0.6) | 3.6 (0.6) | 0.29 |
| Extroversion | 3.2 (0.7) | 3.3 (0.8) | 0.60 |
| Agreeableness | 3.8 (0.5) | 3.8 (0.5) | 0.43 |
| Neuroticism | 2.5 (0.7) | 2.4 (0.7) | 0.87 |
| Family history of psychiatric treatment | | | |
| Yes | 117 (68) | 136 (67.7) | 0.94 |
| No | 55 (32) | 65 (32.3) | |

Data presented as n (%), unless otherwise specified.

IQI = interquartile interval; PANAS = Positive and Negative Affect Schedule; SD = standard deviation; STAI = State-Trait Anxiety Inventory - Trait subscale.

* Mann-Whitney *U* test.

[†] Undergraduate or graduate.
