

Supplementary Fig. 3. Ablation technique and outcome in a 76-year-old male with desmoid tumor of the periscapular region.
A. Axial CT image shows the location of the vertebroplasty needle used as an introducer (arrow) and the microwave probe (arrowhead).
B. Gas bubbles (arrowhead) and hematoma (black arrow) can be seen on the control CT after tumor ablation (white arrow). CT = computed tomography
