* Questions posed in BRFSS on access, costs and satisfaction with care:

-Do you have one person you think of as your personal doctor or health care provider?

-In the past 12 months is there any time when you did not have any health insurance or coverage? (instability in insurance coverage)

-Was there a time in the past 12 months when you needed to see a doctor but could not because of cost? (difficulty seeing a doctor due to cost)

-In the past 12 months, was there a time when you did not take your prescription medications due to cost? (not taking Medication due to cost)

-Do you currently have any health care bills that are being paid off over time? (medical debt)

-In general, how satisfied are you with the care you received? Response categorization: Very satisfied versus somewhat satisfied/not satisfied (Very satisfied with care)

**Adjusted for number of comorbid conditions, number of functional impairments and number of visits. Missing data was dropped from the analyses.

* Questions posed in BRFSS on access, costs and satisfaction with care:

-Do you have one person you think of as your personal doctor or health care provider?

-In the past 12 months is there any time when you did not have any health insurance or coverage? (instability in insurance coverage)

-Was there a time in the past 12 months when you needed to see a doctor but could not because of cost? (difficulty seeing a doctor due to cost)

-In the past 12 months, was there a time when you did not take your prescription medications due to cost? (not taking Medication due to cost)

-Do you currently have any health care bills that are being paid off over time? (medical debt)

-In general, how satisfied are you with the care you received? Response categorization: Very satisfied versus somewhat satisfied/not satisfied (Very satisfied with care)

**Adjusted for number of comorbid conditions, number of functional impairments and number of visits. Missing data was dropped from the analyses.

eTable 6. Comparisons of Individually purchased Private Insurance to VA/Military on Access to Care, Cost of Care and Satisfaction With Care After Accounting for Health Status*, N = 22 986

| | Access to Care | | Costs of Care | | | Satisfaction with Care |
|--|------------------------------------|------------------------------------|--|-------------------------------------|------------------------------------|------------------------------------|
| | Has a personal doctor | Instability in insurance coverage | Difficulty seeing a doctor due to cost | Not taking medications due to costs | Reported medical debt | Very satisfied with care*** |
